Section 1 – Overview of the ESUPERFUND SMSF Master Insurance Plan

About the Product

The ESUPERFUND SMSF Master Insurance Plan (the Plan) provides trustees and members of Self Managed Superannuation Funds (SMSFs) with different insurance options to cater for their life insurance needs. With the Plan, cover can be accessed through a wholesale group insurance arrangement, including a simplified application process and competitive rates.

There are various types of cover available:

- 1 **Death cover** which must be held within the SMSF as a minimum requirement to obtain any other insurance cover.
- 2 **Total & Permanent Disablement (TPD) cover**
- 3 **Income Protection (IP) cover**.

Cover is provided through a superannuation master insurance policy issued by AIA Australia Limited to Australian Group Insurances Pty Ltd (AGI) as Policy Owner and Administrator of the Plan.

Cover is available to one or more members of the SMSF. The trustee of the SMSF is able to tailor the type and level of cover to suit their members' needs. Each member must have a minimum of Death cover within the SMSF held on their behalf under the Plan in order to be eligible for other cover options. Details of all insurance options are described throughout this PDS.

For cover to be issued under the Policy, the trustee is required to complete and submit an application on behalf of the member wishing to obtain cover. Once the application has been accepted by us, we will issue a Policy Insurance Certificate to the trustee outlining the member's cover details. From this, the trustee has rights under the Policy on behalf of the member. Only one Policy Insurance Certificate may be held in respect of a member, under the Policy, at the one time. Multiple Policy Insurance Certificates for the same person are not permitted.

Premiums for cover held within the SMSF are charged to the trustee and deducted from the SMSF bank account. In the event of a claim, benefits are payable directly to the trustee.

Section 3 – Death and Total & Permanent Disablement Cover

This section summarises the Policy terms and conditions and will provide you with an overview of the main benefits and features for Death and Total & Permanent Disablement (TPD) cover. If there is any inconsistency between the information in this PDS and the Policy, the terms and conditions of the Policy will prevail.

Death Cover / Benefit

Death cover will pay a lump sum benefit to the trustee of a SMSF if you die or are diagnosed with a Terminal Illness whilst you are insured under the Policy.

You are required to have Death cover held on your behalf within the SMSF as a minimum requirement in order to apply for any other type of cover outlined in this PDS.

Where Death cover is held in conjunction with TPD cover, then your Death cover will be reduced by any TPD benefit that becomes payable under the Policy.

Any application for Death cover is subject to acceptance by us. Cover will commence from the date we accept your application. Details of your cover including your Sum Insured will be stated in the Policy Insurance Certificate issued to you by AGI.

Terminal Illness Benefit

Terminal Illness cover is automatically included with any Death cover. If you are diagnosed with a Terminal Illness before your insurance cover expires, we will pay a lump sum benefit equal to your Death Sum Insured if it is determined that you meet the definition of Terminal Illness under the Policy. Your Death (and any TPD) cover will cease following payment of a Terminal Illness benefit.

Total & Permanent Disablement Cover / Benefit

TPD cover will pay an agreed lump sum benefit in the event you become totally and permanently disabled.

You have the option of applying for TPD cover in conjunction with Death cover. If a TPD benefit becomes payable, then your Death cover will be reduced by the amount of any TPD benefit paid.

TPD Definitions

The definition depends on your employment status at the time you cease work due to an injury or sickness.

- Standard Occupation*
- Home Duties
- Activities of Daily Living (ADL)

*For members working 15 hours or more per week.

You will be considered to be totally and permanently disabled if you satisfy the relevant TPD definition as

determined by us. Different definitions of TPD will apply depending on your age, the average number of hours you were working, whether you were on leave, or performing full time Home Duties, prior to disablement.

Refer to Section 8 Definitions of this PDS for full details of all applicable TPD definitions.

Any application for TPD cover is subject to acceptance by us. Cover will commence from the date we accept your application. Details of your cover including your Sum Insured will be stated in the Policy Insurance Certificate issued to you by AGI.

Life Stages Cover

The reduced Death cover (if any) will be frozen and subsequently payable upon your death prior to the Cover Expiry Age and subject to the continued payment of premiums for your reduced Death cover.

Section 4 – Income Protection Cover

This section summarises the Policy terms and conditions and will provide you with an overview of the main benefits and features for Income Protection (IP) cover. If there is any inconsistency between the information in this PDS and the Policy, the terms and conditions of the Policy will prevail.

The Waiting Period will be waived however the Benefit Period will be adjusted to take into account prior claim payments.

If you have returned to work following payment of a Monthly Benefit and you make a subsequent claim arising from the same or related cause outside of 12 months of returning to work, we will treat your subsequent claim as a new claim. The Waiting Period will recommence and the Benefit Period will be treated as though no previous claim had been submitted.

This may include relevant health certificates, Medical Practitioners' reports, Employer reports and any other related evidence to the claim. We will be responsible for any expenses incurred in obtaining further medical evidence required to assess your claim.

We reserve the right to require assessment or any medical examination to be conducted in Australia as part of our consideration of a claim. You will be responsible to pay any associated costs with returning to Australia for claim assessment.

If a claim arises during a period where no premiums have been paid to us, but is nevertheless within the 60 day grace period, no benefit in respect of the claim will be admitted until all premiums have been paid.

Selection of wrong product

You may choose an insurance product that does not meet your needs. You should read this PDS carefully to prevent this from occurring. You may wish to consult a financial adviser for assistance.

Inadequate amount of insurance

You may select the correct insurance product for your needs, but may not choose enough cover. This might cause you to suffer financial hardship after receiving a benefit payment. You will need to assess your needs carefully to ensure that this does not occur. Again, a financial adviser may be able to help you.

Inability to obtain an increase in cover

You may not be able to obtain an increase in cover because of your health or circumstances, now or in the future. You should therefore ensure you do not allow your existing cover to lapse or to be cancelled until new insurance cover is firmly in place.

Taxation

As your individual situation may differ, we recommend you consult with your taxation adviser on tax issues arising from this product.

Please be aware that we may be required to deduct PAYG withholding payments from Income Protection benefits paid to you.

Statutory fund

The ESUPERFUND SMSF Master Insurance Plan will be written in the AIA Australia Statutory Fund No. 1.

Insured's duty of disclosure

A person who enters into a life insurance contract in respect of your life has a duty, before entering into the contract, to tell us anything that he or she knows, or could reasonably be expected to know, which may affect our decision to provide the insurance and on what terms.

The person entering into the contract has this duty until we agree to provide the insurance. The person entering into the contract has the same duty before he or she extends, varies or reinstates the contract.

The person entering into the contract does not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

For contracts of insurance entered into, renewed, extended, varied or reinstated from 28 December 2015, if you do not tell us something that you know, or could reasonably be expected to know, which may affect our decision to provide the insurance and on what terms, this may be treated as a failure by the person entering into the contract to tell us something that he or she must tell us.

If the person entering the contract does not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate contracts of life insurance. If they do, we may apply the following rights separately to each type of cover.

If the person entering into the contract does not tell us anything he or she is required to, and we would not have provided the insurance if he or she had told us, we may avoid the contract within 3 years of entering into it.

If we choose not to avoid the contract, we may, at any time, reduce the amount of insurance provided. This would be worked out using a formula that takes into account the premium that would have been payable if he or she had told us everything he or she should have. However, if the contract has a surrender value, or provides cover on death, we may only exercise this right within 3 years of entering into the contract.

If we choose not to avoid the contract or reduce the amount of insurance provided, we may, at any time vary the contract in a way that places us in the same position we would have been in if he or she had told us everything he or she should have. However, this right does not apply if the contract has a surrender value or provides cover on death.

If the failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.
